WORDS FROM GUY:

Why is Bloomington Gold leaving Bloomington, IL in 2025? And Why [World Wide Technology Raceway](#) you may be asking.....

These are fair questions my fellow Corvette enthusiasts.

The reason Bloomington Gold is moving is simple: Bloomington Gold recognizes that late model Corvette owners want to get out and drive their Corvettes. When offered the opportunity to partner with [WWTR](#) to host the Show, we thought this would be a great time to tie in new activities to attract a wider range of Corvette owner interests. And I will admit, over the years, Bloomington Gold has started to get the reputation of being a show only for early generation Corvettes, which is not true! Hopefully by adding activities where owners can drive their Corvettes on a racetrack, we can re-introduce Bloomington Gold to these owners. So, whether you are an older generation or a late generation fan we hope that you will join us this June and rediscover Bloomington Gold Corvettes.

We'll see you on the 1st weekend of June at [World Wide Technology Raceway](#)!
